

Selden Barns
WEDDING VENUE

Set in the South Downs National Park, an area of outstanding beauty.

Remember the day

On your wedding day, the entire venue will be yours... to relax with your friends and family and to consider as your own country retreat. Step outside the barn and gaze over 60 acres of surrounding countryside from the comfort of your patio terrace where you can relax as your special day unfolds.

Step inside, adjust the lighting to suit your mood and get ready to enjoy the formal as well as the more relaxing parts of your ceremony. With your choice from our selection of experienced caterers, we will provide all the backroom facilities and staff to keep things going smoothly in the lavish barn interior or while serving drinks and canapés on the garden lawns.

The Wedding Barn

As you enter the barn through the ante room, you are hit by the “Wow Factor”- a sense of grandeur and space. Large chandeliers hang overhead where sparkling light shimmers against the ivory linings draping the barn. Selden Barns comfortably holds the dining area for the Wedding Breakfast, a raised Dance Floor area and the Mahogany Bar, so that your guests can enjoy your great day all together under one roof.

The Ceremony Room

Just one minute's walk from the wedding barn, you will find the beautiful old Ceremony Room, located in a converted barn adjoining the main house.

The Ceremony Room, seating up to 100 people, features timber rafters under a tiled roof and our Licence for Weddings and Civil Ceremonies lets you add an additional intimate memory to your wedding.

Once you have booked the date for your wedding at Selden Barn, couples must contact the county registration service directly (that's the legal requirement!) to make registrar arrangements, while we setup the room according to your specific wishes.

"We could not have wished for a more perfect day."

The Details :
